
NBA 2K20-CODEX

Download

March 1st, 2021 - NBA 2K20 - The latest basketball simulation game for PC published by 2K Games has been successfully hacked by the infamous Codex warez group (.), which has recently hacked most of the games that 2K Games sells. This is the first time they've hacked an NBA 2K game, so this can be especially frustrating. The recent NBA 2K20 hack has one major problem: it doesn't work at all. From the very beginning no one tried to play this simulation game. NBA 2K20 is the most popular game in the series, it should have been the biggest and it should have been very entertaining. Everything is in this statement. This, however, means nothing.
