How do I get rid of them? A: Log in to the profile you're having issues with, then find the settings button in the top right corner of the drop down tab and select the "Sign out" option. This will reset your email address and everything else to a default state. If you can't log in to your account for some reason then try setting a password for that account from the settings window, then log in again, then reset your password and hit the account settings button. A: Go to : you will get an URL like: for login password reset Then Enter your email and send a password reset code. Q: Complexity of the Collatz conjecture? The Collatz conjecture is: If $k \geq 1$ and $n \geq 0$, then $c_k(n)$ is the first integer $m \geq 0$ with $m = k \cdot 2^n$. Is this conjecture open? What is its complexity? A: The Collatz conjecture is \mathbf{Z} -hard. In fact, \mathbf{Z} -hardness implies that (the equivalence of) the problem of whether a function is \mathbf{Z} -recursive is undecidable. To see that the Collatz conjecture is \mathbf{Z} -hard, let $p(n) = n$ and $k=1$, and consider the n^{th} iterate $f_n(x) = p(x)^n$. Then for every $n \in \mathbf{Z}$, f_n is total and so $f_n \in \mathbf{Z}$. However, it's easy to see that $f_n(x) = kx$ for exactly the n values x that solve the Collatz conjecture for $k=1$. So the Collatz conjecture is \mathbf{Z} -hard. The equivalence of \mathbf{Z} -recursion and the Collatz conjecture follows from the fact that any Collatz-like

Emily Botein Miller dance about "The Hobby Horse," a powerful and urgent work that
charts the lives of young black men as they confront violent gang activity. "The Hobby
Horse" by Emily Botein Miller. Directed by Neil Blender. Resident Artists Theatre, New
York, August 24 - October 21, 2013. Details Soul-wrenching, wonderfully silly, neurotic
and, ultimately, joyous, the four-person cast, which includes Jimmy James, Frank Wood,
Ryan McFarland and Dre Richmond, playfully and intimately dissects its varied and rich
characters in an amble which sits well with its theatrical surrounds. From the start, the
show is both emotionally blunt and jubilantly absurd, its characters laugh-in-pain hilarity
offset by the somber grief which often underpins moments of high drama.

Sometimes, people ask poor questions that are off topic, and sometimes people use their moderator privileges to delete off topic answers. A: We've resolved the issue, the post was not deleted per se, it was just a few hours later when the flag was cleared that the moderators actually dealt with the post. I don't know why the post was removed but there's nothing wrong with having it. We just had to wait for the post to be deleted on its own. . pp. 725-727; Phys. Rev. Lett. [**74**]{}, 1259 (1995). N.
