**Jetking Hardware Networking Books Pdf**

New technologies such as cloud computing, ethical hacking, IoT (Internet things), automation, etc., find their base in the hardware and networking sector. So if you don't want something to work for you, you must compromise it to make it work for someone else. This isn't too bad, as it means that more and more people will be looking for new ways to use your products. And if your company is already using IoT, or if you are on the path to transition to it, then you are in a good position to make a profit.
