Compare prices with GG.deals to find the cheapest CD for Lost Lands: The Four Horsemen PC. Head to one of the trusted game stores at our price... Lost Lands: The Four Horsemen PC is a product from publisher Funcom that doesn't seem to have received any feedback from fans of previous games, and that's no surprise since it's pretty much the same look, like everything this developer has done over the years. This shouldn't come as a surprise since this is a fairly old game that was released almost ten years ago. And, of course, there is no news for the last few months. Since then, the game has remained untouched.
